Ameriflight operates the nation's largest Part 135 Cargo airline. Ameriflight works alongside the world's largest package delivery companies to deliver high-priority freight all across the country. The company's country-wide system includes 17 bases operating 1,500 weekly departures to 200 destinations. Headquartered in Dallas, TX and founded in 1968, the company has more than 500 employees including over 150 pilots and over 100 aircraft.

Why Brown?
UPS operates one of the world's largest, safest and most on-time airlines. By participating in the UPS Flight Operations Internship, interns can take advantage of the unique hands-on experiences and develop highly desirable professional skills, all while working at a Part 121 cargo airline. Interns at UPS will not only get hands-on experience in their particular field, they will also experience the fun loving culture that makes UPS home to some of the most sought after internship programs in the country.

Ideal Candidate:
- Holds a CFI, CFII and/or MEI certificate
- 300 hours of total time or higher
- Have experience with different hardware platforms or software.
- Possess leadership skills
- Volunteer on a regular basis

Phase One:
The agreement between Ameriflight and UPS is open to individuals who have successfully completed the UPS FlightPath internship and have been identified as eligible for the UPS/Ameriflight program. These individuals must have a commercial pilot certificate with multi-engine and instrument ratings and a minimum of 500 hours total time by the end of the internship.
The agreement provides the opportunity for candidates to interview with UPS Airlines once the program requirements are met for Phase I.

Phase Two:
Phase Two provides the opportunity for current and future Ameriflight pilots to be selected into the UPS FlightPath. Once the program requirements are met for Phase II, the candidate is provided an opportunity to interview. For more information, go to www.ameriflight.com.

Minimum Qualifications
• Currently hold a Commercial Pilot Certificate with Multi-Engine and Instrument Ratings
• Must be of at least Junior status, have graduated within the previous 24 months, or currently enrolled in graduate studies.
• Must be a U.S. Citizen or National of the U.S., an alien lawfully admitted for permanent residence, or an alien authorized to work in the U.S. for this employer.
• 3.0 GPA or higher

Opportunities
The UPS FlightPath internship position is a year-long, full-time opportunity. This position is offered in the Spring, Summer, and Fall semesters, but start times are flexible. Flight Internship positions are posted in the following areas.

• Fleet Management (B-747, B-757/767, MD-11, A-300)
• Flight Operations Technical and Safety
• Program Development
• Quality Assurance
• Chief Pilot Office
• Airline Safety

In our program, you will be engaged in challenging work in a supportive environment that assists in career development as a potential full-time professional. At UPS, we believe in relationship building in a culture that supports community service and sharing knowledge. Through volunteer activities and sponsorship of social events, UPS collectively makes a difference around the globe and encourages interns to join in this rewarding experience.

Benefits & Compensation
Wage: UPS offers competitive pay calculated on the credit hours completed at the time of hire. Interns will be allowed two paid discretionary days per semester, for a total of six in a year.

Travel: Interns who qualify under the TSA background check will have the opportunity to use UPS jump seat privileges for UPS business travel.

401(K) Plan: UPS interns are eligible to participate in the UPS 401(K) Savings Plan. UPS will contribute 50% of up to 6% eligible pay contributed to the UPS Savings Plan.

Employee Discounts: UPS interns can take advantage of their employment status at UPS to enjoy discounts with an approved list of companies in different cities around the country.
