UPCOMING EVENTS

January 14, 2019 – Spring 2019 Semester Begins
Good luck in your new studies, Salukis!

January 25, 2019 – Aviation Movie Night presented by SIAA
Various RSOs and the Southern Illinois Airport Authority are hosting a movie night in Hangar 1 starting at 5:30PM. The movie, American Made, will be shown with concession items on sale. It’s a Bring Your Own Chair event with students recommended to be creative (bring a couch if you have to!) with their seat selections. All students, faculty, staff, and their guests are invited to attend.

January 25, 2019 – Health Insurance Fee Waiver
January 25, 2019 is the last day to submit a health insurance fee waiver if you plan to submit one. Go to shc.siu.edu for more information.

February 7-10, 2019 – NGPA Winter Warm Up and Industry Expo sponsored by United Airlines
Each year the NGPA hosts the NGPA Industry Expo, which is the second-largest pilot recruiting and aviation networking event in the U.S. The event features keynote speakers, hundreds of ATP-qualified active airline pilots seeking employment, aviation products and services, and educational seminars for both commercial, business/corporate, and general aviation pilots. This is the second year the SIU chapter of the NGPA will be attending.

February 19, 2019 – Career Services Spring Job Fair
Endeavor Air is planning to visit on Monday Feb 18, 2019. The carrier is planning a Pizza Lunch and Learn event. Watch your SIU emails for more information in the future.

March 9-17, 2019 – Spring Vacation
The Southern Illinois University Carbondale Academic Calendar may be found here.

April 13, 2019 – AHP Spring Banquet
The annual aviation spring banquet sponsored by Alpha Eta Rho will be on April 13, 2019. Look out for more details as the event gets closer.
**Jobs & Internships**

Be sure to watch the website for any internship possibilities and for jobs upon your graduation. These are updated regularly, so keep an eye out.

**Welcome Aboard!**

Aaron Savka has joined the Aviation department as Business Manager I. This position was previously filled by Patti Diggle who accepted another position on campus. We are excited to have Aaron on the team and look forward to his continued support.

**Aviation Technologies Students**

Students that need to schedule FAA preliminary tests should see Patty Henry in TEC 124C. The front desk student workers may assist you to her room! If you are graduating in Spring 2019, start these NOW!

**Breakfast Bar**

During finals week of FL2018, aviation students were provided a breakfast bar to assist with their studies. Have suggestions for the future? Was there something you liked? Email Rhonda at rferguson@siu.edu to let her know your thoughts. The AVMAF and AvT departments would like to continue to offer these options in the future!

**Assistance Needed!**

Whether it be finding a classroom, scheduling an advisement appointment, finding your instructor, and all the in-betweens, we’re here for them all. Call the TEC front desk at 618-453-8898 for help.

**New Library Hours**

The Herbert Howell Library will be open 10:00 a.m. – 4:00 p.m. Mon-Fri. This is a great place to study and now has two computers for students to use. This is a large space for group projects, printing materials, and more!

Welcome to the Saluki Family!

On January 3, 2019 at 10:09PM at the Memorial Medical Center in Springfield, IL Lincoln Stambaugh was born. Weighing in at 6 lbs. and having a length of 19 inches, he was sure to put smiles on everyone’s faces that were there to witness this special moment. Congratulations to Professor Stambaugh and his family as we welcome to newest Saluki to our aviation family.

Clayton Stambaugh serves as a Program Manager and Facilities Specialist for the Illinois Department of Transportation. He is currently managing the Illinois Aviation System Plan and Economic Impact Analysis including a study on aircraft operations at non-towered airports. Additionally, he helps co-manage the Illinois Marine Transportation System Initiative for the Department. He previously served as airport Manager at Pekin Municipal Airport and served on the executive committee with the Illinois Public Airports Association. Stambaugh participates on multiple projects and initiatives with the Airport Cooperative Research Program (ACRP) of the Transportation Research Board (TRB) - National Academy of Sciences. In addition, he is a standing member and committee communications coordinator for the TRB committee on Intergovernmental Relations in Aviation and standing member and committee research coordinator for the committee on Inland Water Transportation. Stambaugh recently led marketing and communication efforts for the TRB 10th National Aviation System Planning Symposium held in Anchorage Alaska. Stambaugh also serves as an assistant lecturer for the Aviation Management and Flight Program at Southern Illinois University Carbondale (SIUC).

Support the AVT Detail Dawgs! Get your Donuts Monday mornings 8 - 11 am In the Lobby $1 ea.
